FLAT RATE Repair Service

No Matter What's Wrong the Repair Price is Fixed

What is Flat Rate Repair?

MHL Computer Product's Flat Rate Repair provides a fixed price for your printer/scanner repair, no matter what is wrong with it. By utilizing the Flat Rate Service, you don't need to worry about actual repair prices exceeding estimates.

Due to our experience and technical expertise, MHL Computer Products can accurately provide this guaranteed pricing and take on the risk. The bottom line is that we will fix your printer or scanner for a fixed price, no matter what the problem may be.

FLAT RATE Repair Service – Repair it Right for a Fixed Price

As an alternative to our Depot Maintenance Plan, you may want to utilize our economical Flat Rate Service. Once we receive your printer, it will be diagnosed, repaired and re-tested. Your repair will receive priority treatment and shipped back to you promptly upon completion of the repair.

Risk Free Repair Price

With the Flat Rate Repair Service, MHL Computer Products assumes the risk if more parts are required or the repair work is more extensive than expected. You will be invoiced the fixed price, no matter what actual costs are incurred.

Our Repair Work is Guaranteed

At MHL Computer Products, we stand behind our work. Our Flat Rate repair work is guaranteed for 30 days. If you have any issues with the printer repair within 30 days, we will repair it for free, no questions asked.
